IMPORTANT NOTE:

Front Legs are not interchangeable. (see following page)

Step 4

Now, screw on the Front Footrest (G) and Side Stretchers (F).

6

x6 PCS

IMPORTANT NOTE:
Front Legs are not interchangeable.
(see following page)

If you are having trouble getting the screws to catch, it is recommended to carefully use an electric screwdriver or drill with necessary bit for this step. Do not over-tighten; holes may strip.

Issues with stretchers aligning at an angle?

If the stretchers are set at an angle when you are aligning them with their respective holes on the front & back legs, you have likely assembled the front legs incorrectly.

Re-check to confirm that the proper legs are installed in their intended position on the proper side of the stool.

The front legs are not interchangeable; therefore they may need to be rotated and swapped to the opposite side.

Step 5

First, cover the Seat Cushion w/
Frame Cover (B) on the face of the
seat frame and then secure the
Velcro sides.

Step 6

Carefully flip the stool over on a flat surface and make sure the legs are touching the ground evenly before tightening everything to 100%.

Ready to use

Prioritize safety

To ensure the longevity of your product we suggest tightening the screws a couple weeks after assembly. For added safety, please check and tighten all screws every two months.

For detailed care and maintenance instructions for the seat and wood, please visit our website at allforwood.com/product.

Proper use	DO NOT - Alter the structure of this product
	DO NOT - Utilize for commercial purposes
